# Bid and Contract Opportunities

Volume 14, Number 1

January 7, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 44

March 11, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 63

April 15, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. ## Bid and Contract Opportunities

Volume 14, Number 68

April 22, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 73

April 29, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 83

May 13, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 97

June 3, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. To have a Purchasing bid mailed to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 130

Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. ## Bid and Contract Opportunities

Volume 14, Number 152

August 26, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 166

September 16, 1998

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

## Bid and Contract Opportunities

Volume 14, Number 171

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.
